TERMS OF SALE

1. Shipping and Handling Fee Schedule

All items are shipped UPS Ground Service, UPS Freight or U.S Mail

Order value less than \$50.00 – shipping charge is \$10.00
Order value more than \$50.00 but less than \$150.00 – shipping charge is \$15.00
Order value more than \$150.00 but less than \$300.00 – shipping charge is \$22.00
Order value more than \$300.00 but less than \$600.00 – shipping charge is \$32.00
Order value more than \$600.00 but less than \$1000.00 – shipping charge is \$43.00
Order value more than \$1000.00 – shipping charge is 5% of total order value

Above charges apply to all shipments in the continental USA. For shipping costs to destinations in

Alaska, Hawaii, or Canada please call for a quote. Oversize items may incur extra shipping charges.

2. No minimum purchase necessary
3. We accept Visa, Mastercard or American Express. Absolutely NO COD shipments will be sent.
4. All returned items are subject to a minimum 15% restocking fee or \$5.00 minimum charge whichever is greater. Credit for returned goods will only be given if goods are received in unused, new, original condition in the original packaging. All returns must be pre-approved and an RMA (return materials authorization) number given prior to shipment to our warehouse. Please ensure RMA number is marked clearly on the box. Return shipping charges are to be paid by the customer. Ensure all returns are packaged properly to prevent damage during transit. Credit will not be given for goods that are returned damaged.

Return Address (USA):

Snug Cottage Hardware Inc.
3000 Ravenswood Road
Marysville, MI 48040

5. No returns accepted after 30 days from original invoice date.
6. All pricing is subject to change without notice.
7. Check ALL shipments upon arrival. Missing cartons or damaged goods must be reported to the driver at the time of delivery. DO NOT SIGN FOR DAMAGED GOODS WITHOUT NOTING IT WITH THE DRIVER.
8. It is the responsibility of the installer to ensure all hardware is installed as per the instructions supplied and to ensure that the use of the hardware is in accordance with all local and national building or otherwise relevant codes.

UPS SHIPPING TIMES

MAP BELOW IS PUBLISHED BY UPS AND IS A GUIDE FOR THEIR GROUND SERVICE FROM OUR LOCATION IN MARYSVILLE, MI 48040.

AT SNUG COTTAGE HARDWARE WE STRIVE TO OFFER EXCELLENT SERVICE. MOST ORDERS RECEIVED BY NOON SHIP THE SAME DAY THE ORDER IS RECEIVED. PLEASE CONSULT ABOVE CHART FOR SHIPMENT TIMES FROM MICHIGAN.

WE WOULD LIKE TO THANK YOU, OUR CUSTOMER, FOR YOUR SUPPORT AND BUSINESS.

THE SNUG COTTAGE DIFFERENCE!

OUR **B**LACK **P**OLYESTER **P**OWDER **C**OAT IS OVER HOT DIPPED **G**ALVANIZED (**BPPCG**). IT IS NOT OVER BARE METAL OR A FAR INFERIOR ELECTROPLATE FINISH.

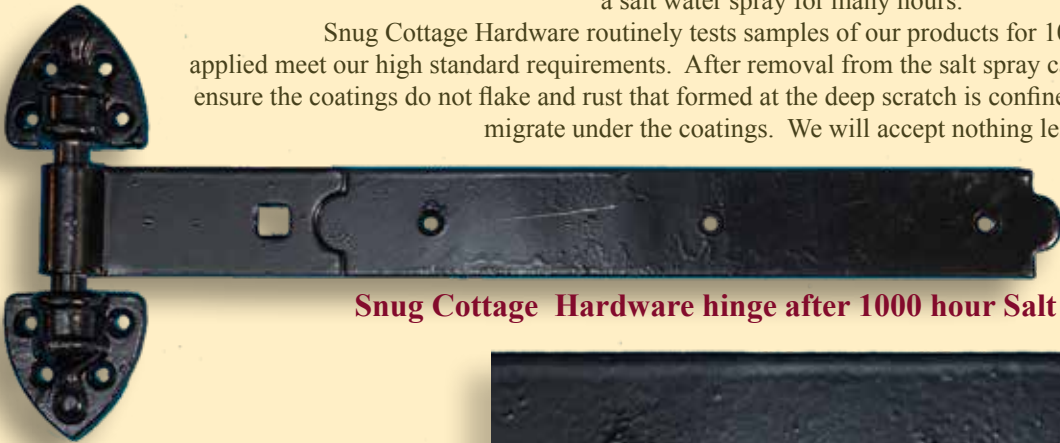

DUE TO THE DIFFICULTY OF SUCCESSFULLY POWDER COATING OVER HOT DIPPED GALVANIZED PRODUCT WE USE A LOCAL MICHIGAN COMPANY FOR THIS PROCESS. WE APPLY THIS LABEL TO ALL OUR BPPCG PRODUCT.

TESTING FOR RUST RESISTANCE

Salt spray testing is the industry standard when it comes to determining a products surface coating stability and the ability to resist rusting over time. Prior to testing a deliberate scratch is made that penetrates the surface coating deep into the underlying metal substrate. Typically a sample of the product is put in a cabinet where it is sprayed with a salt water spray for many hours.

Snug Cottage Hardware routinely tests samples of our products for 1000 hours to ensure the finishes applied meet our high standard requirements. After removal from the salt spray cabinet product is examined to ensure the coatings do not flake and rust that formed at the deep scratch is confined to the scratch and does not migrate under the coatings. We will accept nothing less

Snug Cottage Hardware hinge after 1000 hour Salt Spray Test

Close up of Deliberate Scratch shows little rust, no rust migration, and no detachment of the surface coating

Competitor's hinge after the same 1000 hour Salt Spray Test

Close up of Deliberate Scratch shows excessive rust, dramatic rust migration, and advanced detachment of the surface coating
